# How to use the Check in Tas App

# Check in Tas App for Android

The Check in Tas App has been developed by the Tasmanian State Government to ensure that we are able to manage any COVID cases as fast and effectively as possible.

The best way of doing this is through contact tracing where anyone who has been in contact with someone who tests positive to COVID can be identified, contacted, isolated and tested as fast as possible to limit the spread.

From 1 May 2021, all Tasmanian venues are using the Check in Tas App to manage people's contact tracing information. If you have an Android/Google smartphone you can download the Check in Tas App and be ready to play your part in keeping Tasmanians safe and our venues open.

**To download and use the App, follow the prompts for your phone's model and the easy step-by-step instruction in this guide – let's get started.**

Follow the steps or watch this video to download for Android:

[youtu.be/q1GzVr6FN2U](https://youtu.be/q1GzVr6FN2U)

1

First you will need to download the app from the Play Store. The icon for this on your phone looks like a multicoloured triangle.

2

Go to the search bar, type in Check in Tas and you will see the app at the top of the screen. Select 'Check in Tas'.

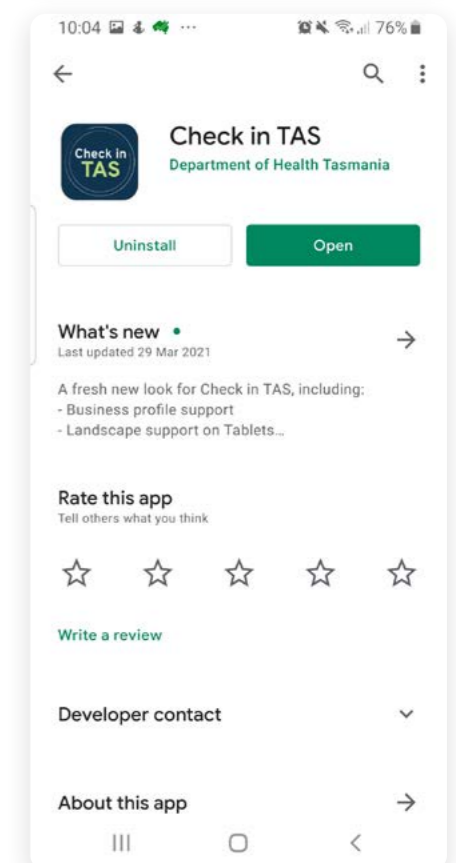

3

Click install and follow the prompts on your phone to complete the download.

4

Once it is finished installing, you will see a message to open the app. You are ready to set up your Check in Tas App account.

# Check in Tas App for iPhone

The Check in Tas App has been developed by the Tasmanian State Government to ensure that we are able to manage any COVID cases as fast and effectively as possible.

The best way of doing this is through contact tracing where anyone who has been in contact with someone who tests positive to COVID can be identified, contacted, isolated and tested as fast as possible to limit the spread.

From 1 May 2021, all Tasmanian venues are using the Check in Tas App to manage people's contact tracing information. If you have an iPhone, you can download the Check in Tas App and be ready to play your part in keeping Tasmanians safe and our venues open.

**To download and use the App, follow the prompts for your phone's model and the easy step-by-step instruction in this guide – let's get started.**

Follow the steps or watch this video to download for iPhone:

[youtu.be/suV-cqymvmE](https://youtu.be/suV-cqymvmE)

1

On your iPhone go to App Store, which is a button with blue background and a white capital A figure.

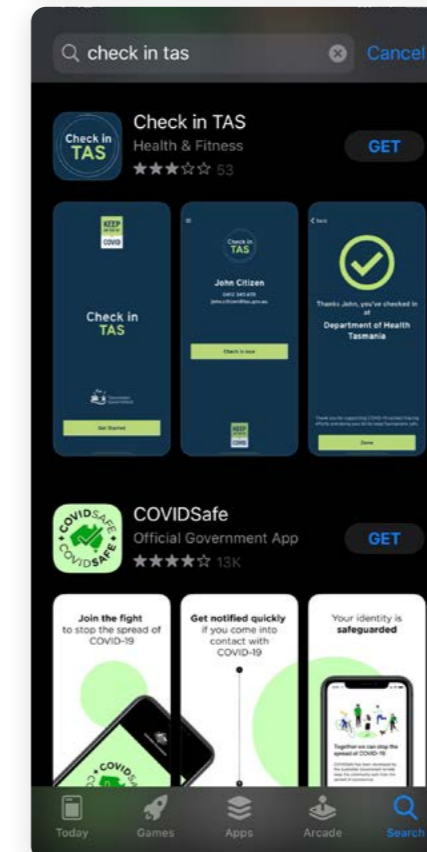

2

Go to the search bar, type in Check in Tas and you will see the app at the top of the screen. Select 'Check in Tas'.

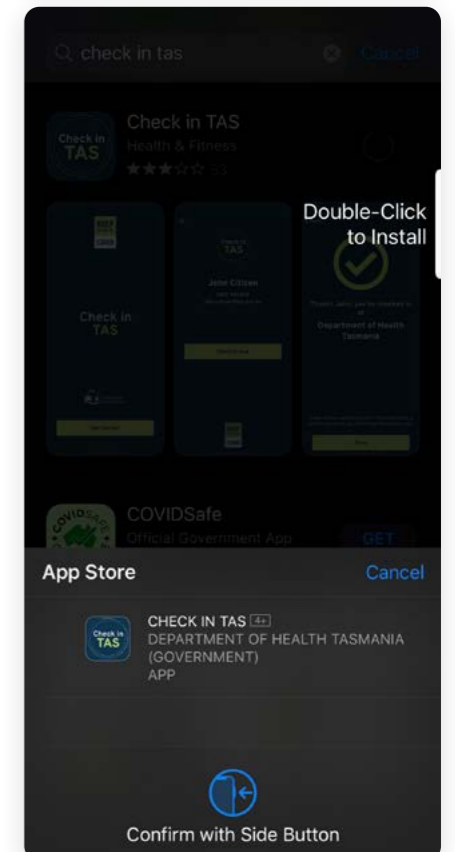

3

Click install via the small cloud icon or double click to install and follow the prompts on your phone to complete the download.

4

When it is downloaded to your phone, click on open and you are ready to set up your Check in Tas App account.

# Setting up your account

Follow these steps or watch the video linked below to set up your account

Setting up your account video:

[youtu.be/ibb790JX9Eo](https://youtu.be/ibb790JX9Eo)

2

Click Get Started and you will be shown a screen with the Terms and Conditions of use.

3

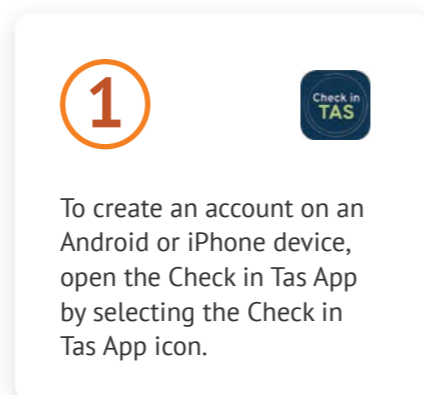

Once you've read or had someone help you with the Terms and Conditions and understand them, agree and click accept.

1

To create an account on an Android or iPhone device, open the Check in Tas App by selecting the Check in Tas App icon.

4

Enter your details (email is optional but is advisable for tracing) and click continue. The app is now ready to use in Tasmanian Venues.

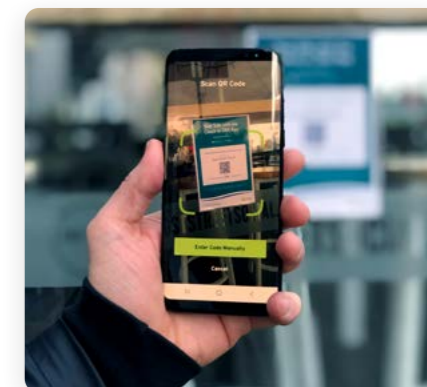

# Using the app

Follow these steps use your account.

All hotels, motels, clubs, bars, cafés and venues now require you to check in using the app whenever you visit.

Setting up your account video:

<https://youtu.be/xxNqBO4BWkE>

1

When you arrive, you should see a Check in Tas app sign with a QR code on it. (A QR code is a black and white patterned square box that your Check in Tas App will read to identify your location.)

2

Open your Check in Tas App, your name and contact details will be on the screen. Click in the green Check in Now box and you will see a screen that says scan QR code.

3

If you are visiting a venue with friends or family without their own phone, you can add them to your check in by following the prompts.

4

If you are just checking in yourself, press check in and you will get a giant green tick onscreen when you are done.

5

You can now show this to staff at the venue if they ask if you have checked in, or just click Done and enjoy your visit.
