

Covid-19 hneksaknak fiantermi

Tasmania ah COVID-19 hneksaknak phun hnih a um.

Rapid antigen hneksaknak (RAT) cu mahte in hneksaknak asi i hnar asiloah hrom chung hang(swab) laknak le hmuhsaktu chungah zohchunawk thil/namuna chiahnak hna a tel. Aphichuak hna cu khulrang in (10-20 minute) a ngah colh. Hi hneksaknak cu nangmah tein na tuah khawh. RAT hna cu atu ah COVID-19 hrik pawl hmuhnak caah hmanmi ahmasabik hneksaknak hriamnam asi.

Polymerase chain reaction (PCR) hneksaknak cu hneksaknak siikhan ah hmanmi asi. Hneksaknak zohchunawk thil/namuna (hrom le hnar chung hang/swab) cu ngandamnak riantuantu thiamsang nih a lak i kherhlainak tuah dingah lab ah a kuat. Atlangpi in aphichuak cu suimilam 24-48 chungah na hmuh lai.

Cumpi asiloah zawtlanghnak pawl bantuk tlangrai na ngeih, mizaw he naihnam in pehtlaihnik na ngeih asiloah Zapi Ngandamnak nih an fial ahcun, RAT kha hmang. RAT hneksaknak na hmuh khawh lo i pakhat hmanh nah man khawh lo asiloah Zapi Ngandamnak nih an fial ahcun, PCR in heksak dingah hneksaknak siikhan ah kal.

Cumpi le zawtlanghnak bantuk tlangrai a ngei mi hna, mizaw he naihnam pehtlaihnik a ngei mi hna le Zapi Ngandamnak nih a fial mi hna cu alak RAT kit hmu dingah atlakmi an si.

RAT kit hmuh nakding ah online ah min pek na herh, coronavirus.tas.gov.au/covidtests

COVID-19 hneksaknak ah hneksaknak pichuak positive na si ahcun, mizaw na si fehter asi i atlawmbik ni 7 chung adang tein na um hrimhrim awk asi.

RAT na hman ahcun, online form in na pichuak theihter na hau:

coronavirus.tas.gov.au/positive-result

COVID -19 positive hneksaknak pichuak theihter dingah phung ningin fial na si i hi nih inn ah zohkhenhnak le phaisa lei bawmhnak na na hmuh khawh nakding kha a fehter (atlakmi na si ahcun).
